District Level ILP Accommodations Report

This report allows Administrators to see all the ILP Accommodations for each student in the district. The report can be filtered by school, grade, or age. It can also be sorted by accommodation, school, or assessment. The report can be run in an Excel format or a Text format.

To pull this report, click on Reports on the Green Menu Bar.

On the EL Reports Tab, click on the ILP Accommodations Report (xls) for an Excel report or the ILP Accommodation Report (txt) for a text version.

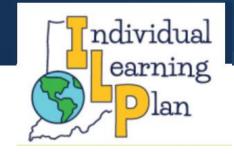

The following screen will allow you to limit the report by grade or choose sort options.
